

# **Kennedy NASA Policy Directive**

**Effective Date:** September 30, 2004

**Expiration Date:** September 30, 2009

**Responsible Office:** Spaceport Services

---

## **KSC ENVIRONMENTAL MANAGEMENT**

---

**National Aeronautics and  
Space Administration**

**John F. Kennedy Space Center**

## **1. POLICY**

It is KSC policy to use all practical means to protect and enhance the quality of the environment, consistent with statutory and regulatory authority, NASA directives, Executive Orders, KSC Environmental Policy and available resources.

## **1. APPLICABILITY**

This Policy applies to all KSC organizational elements and, to the extent provided in the applicable contracts, to KSC and NASA contractors and subcontractors working on KSC and Cape Canaveral Air Force Station (CCAFS). It also applies to tenants within the geographical boundaries of KSC. This Policy applies to all KSC environmental programs, excluding radioactive materials.

## **2. AUTHORITY**

NPD 8500.1 (as revised), NASA Environmental Management

## **3. RESPONSIBILITY**

- a. The Director of Spaceport Services is responsible for the implementation of Environmental Programs and Activities on KSC.
- b. The Chief, Environmental Program Branch, is responsible for managing the KSC Environmental Program. These responsibilities include coordination and integration of all environmental programs, all formal contact with environmental regulatory agencies, remediation of contaminated sites, cease and desist authority for all polluting activities, and compliance monitoring and surveillance. To execute these responsibilities, the Environmental Program Branch is established.
- c. Heads of primary organizations, all tenant organizations assigned to KSC, and all Program and Project Offices are responsible for the environmental performance of their organization.

## **4. CANCELLATION**

This KNPB cancels and supersedes KMI 8800.8, KSC Environmental Management
